

Perfect results. Without the effort

The AssistedCooking Oven has a recipe collection built in, allowing you to precisely prepare any meal with ease. There's also a probe, which when inserted in food, analyses core temperatures. For consistently reliable results, in every single dish.

Product Benefits & Features

Shortcut to perfection. With AssistedCooking

AssistedCooking is your at-home sous chef. Scroll through menus to select a food category, and the oven will generate the correct settings for the dish. You can even choose how you would like meats sealed. And for added safety, the oven automatically powers down after cooking.

Connected Cooking for more control in the kitchen

Get your own personal assistant in the kitchen with Connected Cooking. Control the settings of your oven--including timing and temperature--from your mobile device. Get recipe inspiration and preparation tips. Or use it to check the progress of your dishes from another room.

Thanks to the Food Sensor of this oven you can measure the core temperature from the center of your dish during the cooking process. So you get the perfect results everytime.

Intuitive oven cooking. With the EXCite Touch Display

The EXCite Touch Display provides access to a wide variety of oven functions to suit every dish. It also makes it easy to adjust oven temperature and timings. And gives you direct feedback, and highlights the most important information.

Make cleaning effortless with pyrolytic cleaning

With one touch of the Pyrolytic cleaning function, dirt, grease and food residue in the oven is converted into ash that you can easily wipe off with a damp cloth.
