

Perfect results. Without the effort

The 8000 AssistedCooking Oven has a recipe collection built in, allowing you to precisely prepare any meal with ease. There s also a probe, which when inserted in food, analyses core temperatures. For consistently reliable results, in every single dish.

Product Benefits & Features

AssistedCooking - get the perfect taste every time

Whether sweet or savoury get the flavour you savour every time with AssistedCooking . A digital cooking assistant where you simply choose the food you are cooking, and it selects the optimal settings, so your dish is perfectly cooked.

- 71 Litre oven capacity
- Inclined FloodLight™ focuses 100% on the food
- Isofront® Plus quadruple glazed door
- Fan controlled defrosting
- LED digital display
- Base heat finishing
- Food probe
- Auto safety switch off and child lock

Functional. Integrated. Personalised. Smart Kitchen

Remotely manage your oven, explore our various partners, and even get personalised cooking assistance, all via the My AEG Kitchen App. It's the convenient and easy way to enrich your Smart Kitchen experience.

Cook to taste, every time

By precisely measuring the core temperature of your food, the Food Sensor lets you know when your rare, medium or well done meat is ready. As well as cooking fish and vegetables just the way you like them.

EXCite+ TFT Display with Command Wheel. Precision cooking

With the EXCite+ TFT Display with Command Wheel you can precisely and easily control the oven heat, browse programmes, choose functions and even get oven software updates via WiFi. All at the twist of a dial and displayed on the digital screen.

Make cleaning effortless with pyrolytic cleaning

With one touch of the Pyrolytic cleaning function, dirt, grease and food residue in the oven is converted into ash that you can easily wipe off with a damp cloth.

Product Specification

Main Colour	Black	Main Oven Conventional Mode - Energy consumption per cycle (Kwh)	1.09
Main Oven - Internal Capacity (L)	71	Second Oven Conventional Mode - Energy consumption per cycle (Kwh)	N/A
Cleaning	Pyrolytic Self Clean	Main Oven Fan Mode - Energy consumption per cycle (Kwh)	0.52
Plug or Hardwired	Hardwired connection only	Second Oven Fan Mode - Energy consumption per cycle (Kwh)	N/A
