

Cooling every corner. Full flavour in every bite

The 8000 Cooling 360° Fridge Freezer has multiple air channels to deliver consistent cooling. This protects food on every shelf. Stainless steel creates an elegant, premium look for your kitchen

Product Benefits & Features

Every corner. Thoroughly chilled. With Cooling 360°

Protect food quality with stable temperature and humidity throughout the fridge. Stainless-steel interior makes a design statement. Efficient vents restore coldness fast after every door opening, which can help to avoid food spoilage.

TwinTech® No Frost - keeps food juicy and hydrated

TwinTech® No Frost has an advanced dual cooling system for the fridge and freezer. This technology ensures the freezer stays frost-free and the fridge humidity optimal, preventing the food from drying out.

Premium design. For premium kitchens

The fridge's sleek, contemporary design will give your kitchen a modern look. An elegant, premium, minimalistic design of the flat door and quality of materials will make this fridge the new centerpiece of your kitchen.
