

Every glass flawless. No handwashing required

The 7000 GlassCare Dishwasher offers specialist care for glassware throughout the cleaning process. The unique GlassHolder placed in the bottom rack is a secure place for even your tallest stem glasses.

Product Benefits & Features

The GlassCare system helps protect glasses from breaking

The GlassCare system protects fragile glassware. It uses SoftSpikes in its upper rack to securely hold glasses, and has a unique bottom rack that safely holds stem glasses, protecting them from excessive vibration that can lead to breaking.

Dedicated protection for your delicate glasses

Glasses are often the most delicate items in your dishwasher, which means they need special care. The upper basket in this dishwasher has soft rubber spikes to support and protect glasses. The SoftSpikes stabilise your glasses and mugs efficiently, preventing them from falling

The uncomplicated way to responsible dishwashing

Responsible choices made easy. Use the QuickSelect touchscreen slider to select your preferred cycle time and the Ecometer guides you to the most sustainable program to save energy and water through visually green bars.

SatelliteClean®. Powerful dishwashing. Without using extra water

Even closely stacked or larger dishes receive deep cleaning with SatelliteClean®. The innovative spray arm guarantees corner-to-corner cleaning. With up to 3x better spray coverage providing stunning results across every surface.

At-a-glance check

This dishwasher has a clever way to keep you fully up to date with the status of your dishes. Its beam-on-floor technology projects a red light onto the floor while the cycle is still in progress. And when everything is ready to unload, it switches to a green one. Simple, and

- Auto off function
- TouchControl operation
