

Redefine washing with purified water. keep the new look and feel of clothes

The 9000 AbsoluteCare® Washing Machine uses our unique ground-breaking technology to filter and purify the water it utilises, which ensures that colours won't fade.* Providing your clothing with our best care by reducing shrinkage and shape loss.**

*External test for colorfastness on black polyester after 50 cycles in 30 degrees with Softwater technology

**Internal test showing less shrinkage on several cotton fabrics washed with SoftWater technology with hard water in a Cotton cycle vs unfiltered hard water

Product Benefits & Features

ABSOLUTE CARE® WITH SOFTWATER TECHNOLOGY. NO FADING.* SHAPES PROTECTED**

Protects fabrics and colours. Softwater Technology filters harsh minerals from the laundry water which reduces colour fading for the first 50 washes* and reduces shape loss.** Helping clothes last longer and providing superior colour protection.

*External test for colorfastness on black polyester after 50 cycles in 30 degrees with Softwater technology

**Internal test showing less shrinkage on several cotton fabrics washed with SoftWater technology with hard water in a Cotton cycle vs unfiltered hard water

Absolutewash 49 min cleans at 30°C and provides complete stain removal*

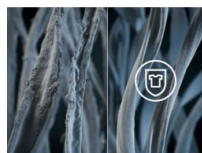

Absolutewash 49 min is a powerful programme that thoroughly cleans clothes at 30°C and in under 1-hour. It filters water to boost detergent power, providing proven complete stain removal.* Using 30% less energy when cleaning your clothes.

*External test of Absolutewash 49 min 30°C programme with 5 kg load shows 100 % stain removal of 59 most common household stains.

The next level of appliance interaction with AEG Connected

Use the AEG app to personalise settings and get smart tips and suggestions. Customise laundry cycles and send instructions to your appliance to adapt it to your needs and habits. Smart and easy care via your smart phone.

Efficient cleaning in less than 1 hour at only 30°C

PowerCare uses a unique technique to quickly pre-mix detergent, ensuring it gets sprayed evenly on your clothes for remarkably clean laundry. Activating detergent power even at 30°C, for outstanding washing results in less than one hour.

GARMENTS REFRESHED,* WRINKLES REDUCED WITH STEAM REFRESH

Steam Refresh neutralises odours* and reduces wrinkles on garments, including delicates, in just 25 minutes. And if you like an extra boost of freshness, just add our aromatic steam fragrance. Giving it that just washed freshness.

*External test show neutralisation of cigarette smoke odour in a Steam Refresh cycle.

- ÖKOInverter motor: The lowest energy consumption with the highest efficiency and durability.
- Jet system washing technology
- Advanced Washing Technology for quickly wetting the entire load
- Number of detergent dispenser compartments: 2+1
- Extra rinse option
- Antiflood device with Aqua Control sensor
- Washing programs: Absolutewash 49Min, Eco 40-60, Cottons, Synthetics, Delicates, Wool, 20min 3Kg, Steam, OutDoor, Hygiene, Rinse, Spin/Drain
- Program card languages:
