

Perfect control of the flame effortlessly with Touchsure

Intuitive Touchsure controls give you full control of the flame. Adjust the heat up and down precisely for perfect cooking results. With no buttons to trap cooking spills, clean up is effortless.

Product Benefits & Features

IGNITE. SEAR. CONTROL. WITH ABSOLUTE ASSURANCE

The advanced TouchSure hob from AEG comes with a range of reassuring safety features that provide absolute confidence in – and absolute command over – gas cooking. It's a traditional method harnessed with our responsive technology. Instilling confidence to turn up the heat.

Hob2Hood. The hands-free hood

Hob2Hood automatically controls your cooker hood's power level and lights while you concentrate on the key moments of getting your dish just right.

STAY INFORMED. INSTANTLY

The FlameLight LED Indicators clearly display whether the flame is on or off while Residual Heat Indicators identify if the pan supports are still hot after use.

Automatic Switch-Off for peace of mind

Automatic Switch-Off automatically turns off the hob if it senses that the flame has been left on for an unusually long period. Give yourself more peace of mind in the kitchen.

Minute Minder. Keeps track of your cooking

The hob comes complete with a convenient Minute Minder, allowing you to monitor the progress of your cooking and always stay in absolute control of the food you're creating.

- Gas on glass design
- Statement Frame
- Electronic touch controls with the digital display not only make selection easier but also offer a larger choice of power levels.
- Digital indications for each zone
- 3-stage residual heat indicator
- Stop & Go function - great for unexpected interruptions
- Child lock function
- LPG conversion kit
- Independent hob with controls
- Controls position: Front
- Input confirmed by acoustic signal
- Main colour: Black
