

Versatility for every purpose

With the 6000 FlexiBridge® Induction Hob you can customize your own cooking area, combining and controlling up to 4 segments. It's ideal for large or long pans, or for cooking lots of dishes together that need extra space.

Product Benefits & Features

Versatile cooking with FlexiBridge®

The FlexiBridge® feature allows you to customize your own cooking area, combining and controlling up to 4 segments in different ways. It's ideal for large or long pans, or when you need to cook many dishes at the same time.

Modern, matt black beauty. Our most scratch-resistant surface

A modern design statement at the heart of your kitchen. The SaphirMatt® hob's matt black finish enhances its minimalist aesthetic. Made with our most scratch-resistant, fingerprint-resistant surface for lasting, effortless beauty.

Hob2Hood®: The hands-free hood

The Hob2Hood® function connects the hob and the hood. The cooker hood automatically adjusts the fan speed based on the heat, without lifting a finger. For powerful extraction when searing. And quieter extraction when simmering.

Quicker heat for extra speed with PowerBoost

A blast of fast. No more waiting around for pots to boil. The PowerBoost function gives you an instant burst of heat. PowerBoost is perfect for tasks that require you to boil a large pot of water quickly.

Each cooking zone. Individually timed

Once a cooking zone is in use, its timer can be accessed quickly and conveniently via the touchscreen display. No toggling through menus or other zones. And because each dish can be precisely timed, absolute control over the cooking process is assured.

- Cooking function: induction
- Statement Frame
- Electronic touch controls with the digital display not only make selection easier but also offer a larger choice of power levels.
- Power function for each cooking zone
- Automatic pan recognition
- Digital indications for each zone
- OptiHeat Control
- Child lock function
- OffSound Control
- Eco Timer
- Independent hob with controls
- Controls position: Front Right
- Control lock function
- Main colour: Matt Black

Product Specification

Series	6000	Hob Safety	Automatic Switch Off
Main Colour	Matt Black		
Plug or Hardwired	Hardwired connection only		
Dimensions (mm) (WxD)	610x520		
Built-in Dimensions (mm) (HxWxD)	44x560x490		
Required Fuse (A)	2x16		
Cord Length (m)	N/A		
LED Colour	Red		
Left Front - Power/Diameter	2300/3200W/220mm		
Left Rear - Power/Diameter	2300/3200W/220mm		
Right Front - Power/Diameter	2300/3200W/170x265mm		
Right Rear - Power/Diameter	2300/3200W/170x265mm
