

Delicate glasses are in good hands with this dishwasher

Even powerful dishwashers need to handle glassware gently. Luckily the upper basket in this dishwasher has 7000 SoftGrips and SoftSpikes that securely hold your glasses and make sure they don't get scratched or break.

Product Benefits & Features

Dedicated protection for your delicate glasses

Delicate glasses need special care. The upper basket in this dishwasher has soft rubber spikes to support and protect glasses. The SoftSpikes stabilise your glasses and mugs, preventing them from falling over and possibly breaking.

The uncomplicated way to responsible dishwashing

Responsible choices made easy. Use the QuickSelect touchscreen slider to select your preferred cycle time and the Ecometer guides you to the most sustainable program to save energy and water through visually green bars.

SatelliteClean®. Powerful dishwashing. Without using extra water

Even closely stacked or larger dishes receive deep cleaning with SatelliteClean®. The innovative spray arm guarantees corner-to-corner cleaning. With up to 3x better spray coverage providing stunning results across every surface.

Water reaches every corner. With the Dual Spray Arms

Ensure maximum water coverage with two spray arms. The rotating sprinklers send water jets into every corner of both the lower and upper basket, for dishwashing results you can rely on.

Space where you need it: 2-step, height-adjustable upper basket

Easily create more space at the top or bottom with the 2-step height-adjustable upper basket. Even when it's fully loaded, you simply grab the handles on the sides and slightly pull up to raise or lower the basket.
